J.D. POWER

Keith Webster

President, Global Business Intelligence
J.D. Power

Keith Webster is President of Global Business Intelligence (GBI) at J.D. Power. He is responsible for setting the strategic direction and managing the growth and profitability of the division. GBI serves high growth verticals, including banking, wealth, insurance, utilities, technology, telecommunications, healthcare and travel.

Prior to joining J.D. Power in 2015, Mr. Webster was president and CEO of Sector Group, Inc., a management consulting firm serving the software and information industry. Previously, Mr. Webster held a variety of positions in the financial software and information industry, including managing director at Interactive Data Corp., managing director at Dun & Bradstreet; managing director at Thomson Financial; vice president of strategy and business development at ADP Financial Information Services Corp., and director of product management at Data Broadcasting Corp.

Mr. Webster earned a bachelor's degree in physics from The University of Chicago. He is alumnus of The Harvard Business School where he completed the Advanced Management Program.
